

Middle Kids - Edge Of Town

tom:

Ab

I can never remember, anything you say

Db

When the streets are talking, yeah they call my name

Ab

And I walk a little further, I could go all day

Db

And the trees are reaching, pointing out the way

[Refrão]

Fm **Ab**

I got all muddled up and journeyed to the edge of town

Db **Bbm**

And then the road cracked open, sucked me in and I went down

Fm **Ab**

We're standing face to face with the king of the underground

Db **Bbm**

Some things just don't add up, I'm upside down I'm inside out

Ab

I came a little closer, to the truth that day

Bbm **Ab**

I heard its call, in the alley way

Ab

Now I want the only answer, I can take

Bbm

Cause then I don't know nothing, and I got no way

[Refrão]

Fm **Ab**

I got all muddled up and journeyed to the edge of town

Db **Bbm**

And then the road cracked open, sucked me in and I went down

Fm **Ab**

We're standing face to face with the king of the underground

Db **Bbm**

Some things just don't add up, I'm upside down I'm inside out

(**Ab** **Db**)

Ab

Tick, tock, can I take it for a while?
