tom: Ab Ab Eb I remember when, in the summer winds Db Abm7 We would speed down the 405 playing The Who Eb With?the?red lights, and?adrenaline Db We had young blood in our?veins and dirt on our shoes [Pré-Refrão] But you sold, that car, the year you finished school And I stopped, wearing, that faded pair of shoes Abm7 We got, so wrapped up in the clouds, we fell through Hey! Hey! Hey! Oh! [Refrão] Eb Ah We just want to, stay this young for Every day the bills keep coming All the bullshit we're all stuck in Take me back to, when we'd just drive Think it's time that we said fuck it Red light! Let's run it I'm sitting in line, on the 405 Db When the same song that we'd sing is playing outside

## **Acordes**

```
I got the windows up but I can hear enough
For it to bring me back to the way we loved
Feeling so big, feeling sober, feeling alive
[Pré-Refrão]
But you sold, that car, the year you finished school
Abm7
                         Dh
And I stopped, wearing, that faded pair of shoes
                   Abm7
We got, so wrapped up in the clouds, we fell through
Hey! Hey! Hey! Oh!
[Refrão]
Ab
                 Eb
We just want to, stay this young for
Every day the bills keep coming
All the bullshit we're all stuck in
Take me back to, when we'd just drive
Think it's time that we said fuck it
Red light! Let's run it
    Eb Abm7
Oh, oh, oh-oh-oh
Oh, oh, oh-oh-oh
Oh, oh, oh-oh-oh
Red light! Let's run it!
