

# Mike Krol - Straaange

tom:

**Bm**

Hey! You got a life and you gotta live it

**D** **Gb** **G** **B**

Why do it better than a big cliché

**D** **Gb** **G** **B**

When you're on your own you start to

Feel like the days just slip away and

**G** **B**

When you're gone it's easier to fill the void

Even though there's spirits I can't destroy

**G** **B**

I grow up paranoid

( **Bb** **D** )

And before you know the seasons change

**G** **D** **B** **A** **D**

When did my life get so straaaaange

**G** **D**

And I don't care what you say

**G** **B**

I am gonna do it my own way

**A** **D**

So you can get out

( **D** **G** **D** **G** **D** )  
 ( **G** **D** **G** **D** **G** **D** )

I am gonna do it my own way  
**A** **D**  
 So you can get out  
**Gb** **G**  
 Yeah, I got a list that I'm always makin'  
**B** **Bb**  
 It's the only thing that keeps me sane  
**D** **Gb** **B** **D**  
 Even with fits of depression I got my heart so it's okay and  
**Gb** **B** **D**  
 Ooooooh myyyy what have I done today  
**Gb** **G** **Bm** **B**  
 And before you know the seasons change
