

Mike Love - Earthlings

Tom: D

Riff:

I just can't take no more ^D
^A I gotta get out of this place ^G (Riff)
^D Cause the things I've seen
 Have broken my heart
^{Gb} Made me feel ashamed,
^G Just to be a part of this human race. (Riff)
^D If you could see their eyes while they were dying,
^{Bm} If you could hear their cries while they were dying,
^A Would you still put them on your dinner table my friend? ^D
^D If you held the knife while they were dying,
^{Bm} And if it was you who did the killing,
^A Would it be different,
 Cause there's no difference
^D In the end.

^D The blood is on your hands,
^{Bm} The blood is on your hands,
^A If you don't make a change,
 If you don't take a stand,
^D The blood is on your hands

^D Oh my brother could you take sometime
 It would mean a lot to me,
^{Bm} And oh my sister would you make sometime

There's something you have to see

^G
^D It's a little hard to swallow but the truth will set you free
 (G D)

^D double u, double u, double u, dot, earthlings dot com
^{Bm} double u, double u, double u, dot, earthlings dot com
^G double u, double u, double u, dot, earthlings dot com
^D

^D If you felt the pain with every bite you took,
^{Bm} And if you caught a glimpse with every bite you took,
^A Of all the misery and the suffering,
^D Just to feed your selfish craving, would you still swallow?

^D The blood is on your hands,
^{Bm} The blood is on your hands,
^A If you don't make a change,
 If you don't take a stand,
^D The blood is on your hands

^D If you look the other way when they're ^{Gb} crying out in pain,
^G If you wear fur, if you wear leather,
 (Riff) ^A ^D
 If you eat meat, the blood is on your hands.
^D Just because you have the might,
^{Gb} It doesn't give you the right
^G
 And just because you have more brains,
 It doesn't mean they feel less pain,
 And if you choose to remain ignorant,
^D The blood is on your hands
