

Mike Shinoda - Running From My Shadow (feat. Grandson)

Tom: **Gb**

m [Intro] **Gbm**

[Primeira Parte]

Wanna know where I don?t go **Gbm**
 When it goes from OK to a oh no **Gbm**
 When it goes from hi five to a low blow **Gbm**
 When it goes from all five to a solo **Gbm**
 Lemme tell you what you don?t know **Gbm**
 I been down so low I was **Gbm**
 Looking for something but denying that I found it **Gbm**
 There?s an elephant sitting in the room **Gbm**
 And I can?t find another way to tiptoe around it **Gbm**
 I been doing greater good for a long time **Gbm**
 But I can?t find any other way to give now **Gbm**
 I been putting myself on the sideline **Gbm**
 And it?s been time so I?m saying can I live now **Gbm**
 There are times when I kick myself **Gbm**
 Say I?m not sick but I can?t get well **Gbm**
 Say I got this while I chase my tail **Gbm**
 As if they can?t tell **Gbm**

[Refrão]

I'm running from my shadow **Gbm**
 Running from my shadow **E**
 But it?s still there chasing me down **B** **A**
 I?ll never win the battle **Gbm**
 Never win the battle and **E**
 I should have known it by now **B** **A**
 Just when I think I?ve found the end **Gbm** **E**
 I?m going back around again **B** **A**
 Running from my shadow **Gbm**
 Running from my shadow **E**
 But it?s still there chasing me down **B** **A**

[Segunda Parte]

Light side?s got a dark side to it **Gbm**
 Daytime flows into night like fluid **E**
 The yin and the yang with a curved line through it **B**
 And none of it?s illuminating why I do it **D**
 Maybe I didn?t want to chase what was not right **Gbm**
 Maybe I didn?t want to face you were offside **E**

Maybe I didn?t want to face you were offside **B**
 Thinking I was far away from a crossed line **D**
 But I was giving soft praise to a hard lie **Gbm**
 There are things that you say and you don?t say **E**
 My tongue?s gotten real tired of me biting it **B**
 ?Cause I keep on following the wrong way **D**
 Time?s come and I can?t keep denying it **Gbm**
 There are times when I kick myself **E**
 Say I?m not sick but I can?t get well **B**
 Say I got this while I chase my tail **D**
 As if they can?t tell

[Refrão]

I'm running from my shadow **Gbm**
 Running from my shadow **E**
 But it?s still there chasing me down **B** **A**
 I?ll never win the battle **Gbm**
 Never win the battle and **E**
 I should have known it by now **B** **A**
 Just when I think I?ve found the end **Gbm** **E**
 I?m going back around again **B** **A**
 Running from my shadow **Gbm**
 Running from my shadow **E**
 But it?s still there chasing me down **B** **A**

[Ponte]

I love you but I know **Gbm** **E**
 I gotta let you go **B**
 Dancing with the devil **D**
 Cause she?s all I?ve ever known **Gbm**
 Wanted to pretend **E**
 That this time was the end **B**
 Sorry but I guess **D**
 I gotta let you down again **Gbm**
 Again **Gbm**
 Again **Gbm**
 N.C.
 Running from my shadow
 Now my shadow is my only friend

[Solo] **Gbm** **E** **B** **D**

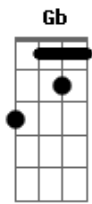

Running from my shadow **Gbm** **E**
 But it?s still there chasing me down **B** **D**

(Gbm E B D)

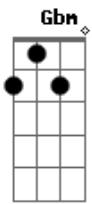

Running from my shadow

Running from my shadow
But it's still there chasing me down
