Look at how far we've come

Look at this mess we've made

But this is not an exercise
Dm D2
And nobody gets out alive
Am F7M
Stop. What if I, what if I stop?

C C
Mourning doves, meet me in the morning
Dm Am
Love, what if I, what if I die before you wake?
F7M
Promise, I promise you can lean on me, lean on me
C
I can be your shoulder
Dm
There's still room for us to pull over
Am
But we can't stop, I swear to morning, Love
F7M
We can be together like mourning doves

C
Yeah, realize that no escape
E
Releases you from your mistakes
Am
Oh, this is not a warning, but innocence is calling
F7M
And I sense that's it's a falling embrace
