

# MILA - The Most Impossible Love

tom:

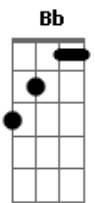

Bb (forma dos acordes no tom de G )

Capostrate na 3ª casa

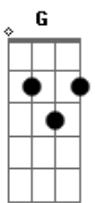

Today I met this boy  
 He had beautiful eyes and a crooked smile  
 And I haven't seen him in a while  
 Seems like we have no choice  
 Yes, we could share this beautiful isle  
 But we have always been different by a mile  
 You look at me carefully to see if I'm looking at you  
 And yes, I see your grin when you realize I always do  
 It's the most impossible love in the world  
 And we're the only ones watching it  
 It's the most beautiful thing I've ever felt and  
 I don't know where to begin with

So we were six minutes away in this pretty  
 Big ocean, one look and all these emotions  
 Did you feel it too? was that why you kept looking?  
 I know it is a lot to feel in a moment, but I couldn't  
 Think with notion  
 How heartbreaking I was after I said goodbye, how  
 Could I forsake you?

You look at me carefully to see if I'm looking at you  
 And yes, I see your grin when you realize I always do  
 It's the most impossible love in the world  
 And we're the only ones watching it  
 It's the most beautiful thing I've ever felt and  
 I don't know where to begin with  
 Oh we have a problem, you're locked in your room  
 In your own world, and I want to be in it  
 I need to be in it  
 Oh you saw them, how everyone's laughing in here  
 With me, but you, I lost you for a minute  
 You look at me from across the room like we're the  
 Only ones in here  
 How it would be better if we go back in time and you  
 Finally choose me  
 It's the most impossible love in the world and  
 We're the only ones watching it  
 It's the most beautiful thing I've ever felt and  
 I don't know where to begin with  
 It's the most impossible love  
 It's the most beautiful
