

# Mild High Club - Homage

Tom: Bb

Someone wrote this song before  
 And I could tell you where it's from  
 The 4-7-3-6-2-5-1 to put my mind at ease

Please just have a laugh with me  
 'Cause you know I'm borrowing by now

These sounds, have already crowned  
 Come on it's a silly dream  
 Dreaming of the imagery unfound  
 The view sits nice from that cloud

And if you want a piece of my thoughts  
 There's a coin worth flipping  
 Why don't you toss?

## Acordes
