

Miley Cyrus - If We Were a Movie

Tom: G

o, o

there you go again, talkin cimeatic

yea, you

you're charming, got every body star-struck

i know

how you always seem to go

for the obvious, instead of me

but get a ticket, and you'll see

(chorus)

if we were a movie

you'd be the right guy

and i'd be the best friend

you'd fall in love with... in the end

we'd be laughin

watchin the sunset

fade to black

show the names

play that happy song... yea

yea, yea

when you call me, i can hear it in your voice

oh, sure

you wanna see me, and tell me all about her

la, la

i'll be acting thru my tears

guess you'll never know

that i should win

and oscar for the scene i'm in (chorus)

if we were a movie

you'd be the right guy

you'd fall in love with... in the end

we'd be laughin

watchin the sunset

fade to black

show the names

play that happy song... yea

wish i could tell you there's a twist

some kind of hereo in the sky

and wer're together, it's for real

now playing

wish i could tell you there's a kiss

like something more than in my mind

i see it, could be amazing
