

Miley Cyrus - Lighter

Tom: B

When we're driving
 You say you can go faster, and
 When we're singing to the radio
 You say you can make it louder

Chorus:
 And you roll another one
 You wanna get higher, and
 When I need the fire
 You're always my lighter

Verse I:
 When we're rolling
 You always put your feet on mine, and
 When I'm running late
 You always remind, all the time
 When I'm feeling low
 You lift me to the moon and back
 Back into your arms, I won't let go
 Until I know how much you really love me, baby
 I see a light

Verse II:
 And I've heard we never truly see ourselves
 You gotta leave it up to someone else
 To know how beautiful you really are, baby
 We never get to see ourselves

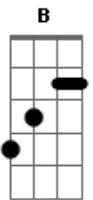

Sleeping peacefully next to the ones that we love
 We never see us cry in someone eyes, see us cry
 Someone who was born, baby

Pre-Chorus:
 When we're driving
 You say you can go faster, and
 When we're singing to the radio
 You say you can make it louder

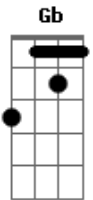

Chorus:
 And you roll another one
 You wanna get higher, and
 When I need the fire
 You're always my lighter

Bridge:
 I see a light
 coming towards me
 Moving slowly, but coming quickly
 At the same time, I think it represents
 What's going on in my mind, when
 We're together, everything is so sweet
 There's nowhere in the world I'd rather be
 as long as I've got you and you've got me
 I could live here, I don't need nothing but you
 We're starting up beyond just us two
 Forever it gets complicated
 You don't have to be that way, baby
