

# Miley Cyrus - Someone Else

Tom: C

If you're looking for love  
 Know that love don't live here anymore  
 He left with my heart  
 They both walked through that door without me  
 If you're trying to find pity  
 well you need to look somewhere else  
 'Cause I surely can't help you  
 I'm hurting myself  
 I've turned into someone else

Verse 1:

I used to believe love conquered all  
 'Cause that's what I've seen in movies  
 Come to find out it's not like that at all  
 You see real life's much different

Pre-Chorus

I don't wanna see you go, I only wanna see you smile  
 It hurts so much just thinking of, felt like this for awhile  
 I can't stand to see us fail, We cried we lied cannot pretend  
 to take us back To what we had, to make us feel alive again

Hold me close, don't let me go, I hope  
 Tell me that now is not the end

Chorus:

If you're looking for love  
 Know that love don't live here anymore  
 He left with my heart  
 They both walked through that door without me  
 If you're trying to find pity  
 well you need to look somewhere else  
 'Cause I surely can't help you  
 I'm hurting myself  
 I've turned into someone else  
 I've turned into someone else

Verse 2:

Am

I used to believe love conquered all  
 'Cause that's what I felt when you held me  
 I thought you'd catch me if I fall  
 And fill me up when I'm empty

[Pre-Chorus]  
 I don't wanna see you go, I only wanna see you smile  
 It hurts so much just thinking of, felt like this for awhile  
 I can't stand to see us fail, We cried we lied cannot pretend  
 to take us back To what we had, to make us feel alive again

Hold me close, don't let me go, I hope  
 Tell me that now is not the end

[Chorus]

If you're looking for love  
 Know that love don't live here anymore  
 He left with my heart  
 They both walked through that door without me  
 If you're trying to find pity  
 well you need to look somewhere else  
 'Cause I surely can't help you  
 I'm hurting myself  
 I've turned into someone else
