

Miley Cyrus - The Good Life

Tom: G

(intro 2x) C (bass solo)

(verso 1)

I tell you what we're gonna do

What you need to know

What you gotta get

To get where you wanna go

Never ever missing out

Keep your eye on all displays

When you find your style

Everyday's a holiday

I'll show you how to work it
(I'll show you how to work it)

To find the fit that's perfect
(To find the fit that's perfect)

I know that you deserve it
(I know that you deserve it)

Who Who Who Oh

(chorus)

This is the good life

Take a good look

Have anything you want

This is the good life

Dining with your friends

At the fancy restaurants

Living the good life

We have such a

good time I know

(verso 2)

Grab a little Gucci bag

And some Prada shoes

(Here) Take my credit card

They're all here to wait on you

Jimmy Choo calls out your name

(Am D and G on every wall)

When you can't decide

That's ok just buy them all

There's no better

feeling Oh

There's nothing

more appealing

Hey It's yours from

floor to ceiling

Who Who Who Oh

(chorus)

(bridge)

Can't be slow

Never stop

Fill those bags

up to the top

(Whoa)

Turn around

Try it on

Now off to the

hair salon

Don't need sales

I'll just pay

There's no need

for layaway

(Ha ha)

Slide your plastic

Flash your cash

Ring it up it's

such a blast

1, 2, 3, 4

(chorus)
