

Miley Cyrus - The Scientist

Tom: D
Intro: Bm G D A

Bm G D
Come up to meet you, tell you I'm sorry
You don't know how lovely you are
I had to find you, tell you I need you
Tell you I set you apart

Bm G D
Tell me your secrets and ask me your questions
Oh, let's go back to the start
Running in circles, coming up tails
Heads on a science apart

G D
Nobody said it was easy
It's such a shame for us to part
Nobody said it was easy
No one ever said it would be this hard
Oh, take me back to the start

Bm G D
I was just guessing at numbers and figures
Pulling the puzzles apart
Questions of science, science and progress
Do not speak as loud as my heart

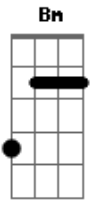

G D
But tell me you love me, come back and haunt me
Oh, and I rush to the start
Running in circles, chasing our tails
Coming back as we are

G D
Nobody said it was easy
Oh, it's such a shame for us to part
Nobody said it was easy
No one ever said it would be so hard
I'm going back to the start
D G D D
