Miley Cyrus - The Scientist

Tom: D
Intro: Bm G D A

```
Bm              G                   D
Come up to meet you, tell you I'm sorry
                 A          Bm
You don't know how lovely you are
           G               D
I had to find you, tell you I need you
         A
Tell you I set you apart

Bm            G                       D
Tell me your secrets and ask me your questions
            A          Bm
Oh, let's go back to the start
         G                D
Running in circles, coming up tails
             A
Heads on a science apart

G                      D
Nobody said it was easy
            D            G
It's such a shame for us to part
                    D
Nobody said it was easy
          D            A    A7
No one ever said it would be this hard
                    D    G     D      A7
Oh, take me back to the start
```

```
     Bm            G                  D
I was just guessing at numbers and figures
              A          Bm
Pulling the puzzles apart
             G                 D
Questions of science, science and progress
           A          Bm
Do not speak as loud as my heart

              G                    D
But tell me you love me, come back and haunt me
        A          Bm
Oh, and I rush to the start
           G              D
Running in circles, chasing our tails
          A          Bm
Coming back as we are

       G            D
Nobody said it was easy
                A              Bm
Oh, it's such a shame for us to part
        G            D
Nobody said it was easy
             A                A7     A7
No one ever said it would be so hard
                    D
I'm going back to the start

D G D D ......
