I don't wanna hear it if it's something that you don't mean

If I had to leave you now, there would be an empty space
Em A C D
It doesn't matter anyhow, you can't take your things, and go
your own way!

I'm on a ride

it, if love don't change your mind
Am C D G

We don't have to be friends, we don't have to be enemies
Em A C G D
In my head I break it down, and I am absolutely sure
Em A C

That you and I could work it out, or we could kill the lights,

on what we had before!
