

Miley Cyrus - Violet Chemistry

tom:
 Capotraste na 1ª casa
 Intro: G Em

[Primeira Parte]

When the floor is wet
 And the lights come on
 But you don't wanna leave
 And your phone is lost
 But the car's outside
 Waitin' out on the street

[Pré-Refrão]

Tonight, we'll be just be wrong
 Ain't done this in so long
 We ain't gotta talk

Baby we'll keep the stereo on
 When the floor is wet

And the lights come on
 But you don't wanna leave

[Refrão]

Stay a while
 Stay a while with me
 Stay a while, don't deny
 The violet chemistry
 Stay a while
 Stay a while with me
 Stay a while
 Put your arms around me
 Put them around me

[Segunda Parte]

When the floor is wet
 And the lights come on
 But you don't wanna leave
 Can I bum a cigarette?

We could paint our names
 In black on the marquee

[Pré-Refrão]

Tonight, we'll be just be wrong

Ain't done this in so long
 We ain't gotta talk

Baby we'll keep the stereo on
 When the floor is wet

And the lights come on
 But you don't wanna leave

[Refrão]

Stay a while
 Stay a while with me
 Stay a while, don't deny
 The violet chemistry
 Stay a while
 Stay a while with me
 Stay a while
 Put your arms around me
 Put them around me

[Ponte]

Fingers start to dance along

The figures and the shapes
 Mixing all the colors

Like we're makin' a Monet
 There's something between us

That's too major to ignore
 May not be eternal but

Nocturnal, nothin' more
 Fingers start to dance

Along the figures and the shapes
 Mixing all the colors

Like we're makin' a Monet
 There's something between us

That's too major to ignore
 May not be eternal but

Nocturnal, nothin' more

[Pré-Refrão]

Tonight, we'll be just be wrong

Ain't done this in so long
 We ain't gotta talk

Baby we'll keep the stereo on
