

Mili - Excalibur

Tom: E

E B E A
I will be the best astronaut

E B A B
The best of the best, I kid you not

E A
Her eyes sparkled

B Dbm E A
Like the galaxy has died her pupils

B
As she held my hand

E B
We've digged through the dump

E A
Looking for treasures unfound

Am E Gb E B
As you softly sing the sweetest delightful song

E B E A
We've built a titanium space shuttle out of hope

Am E Gb E B Ab
So one day the world can be saved by thi---s sound

Dbm Gb B
Lu la la da du la li la

Ab Dbm Gb B E A

We'll name it Excalibur and send it to the sky

E Dbm E A B E
It crashed to the rim of the world and fell apart

Bm E A Am E Gb E B

E A
Hey, don't you worry

E A B
Your dreams, I'll make them come true

E A E Dbm
Sticks and stones won't break our bones

E A B
As long as you have me

E B
We've digged through the dump

E A
Looking for treasures unfound

Am E Gb E B
As you softly sing the sweetest delightful song

We've built a titanium cyborg out of me

So one day the world can be saved by you

My bones are titanium but my heart is made of stars

So ride on my shoulders

I'm your Excalibur
