Am D  
You came up in my heart

Then we drift through the night  
Em Bm  
When it's getting too cold  
Am D  
I notice you'll be around  
Em Bm  
Living stories you've told

Am D Em Bm  
There's nothing ever out there but some gathering clouds  
Am D Em Bm  
I just wanna take care of you my love  
Am D Em Bm  
There's nothing ever out there but some gathering clouds

Feels like getting too close

Just don't leave me alone
