tom:

Intro: **C**

[Primeira Parte]

I've seen it risin', yeah, she got me shinin'
Oh, she really did like no one?ever?did
I've seen it?fallin', yeah, she made the call
And?so much in between, you never can redeem
Just fly a?little?bit,?oh, fly a?little
Forever leavin' ground,?amazement all around
Releasin', releasin'
When you're leavin'

[Refrão]

Just don't let me down
I'm beggin' you
Just don't let me down
I'm beggin' you
I'm dreamin' of a dream that is never gonna end
Oh, you gotta see it, it'll treat you right
Just don't let me down
Heavenly

I've seen your wings when they're workin', when they're open
When they take you out, what they bring back home, and
I've seen this place when it's full of all the light
Between the mornin', even if it's broken

And now it's crawlin' with thoughts
Fallin' to pieces of things that we believed
Who are we to dream?
The wind is blowin', it's made itself at home
But it's leavin' and you're leavin'

[Refrão]

Just don't let me down
I'm beggin' you
Just don't let me down
I'm beggin' you
I'm dreamin' of a dream that is never gonna end
Oh, you gotta see it, it'll treat you right
Just don't let me down
Heavenly

There comes the day when I'm leavin'
Oh, I'm beggin' you, don't let me down
(Don't let me down)
Treat me right, treat me right (Don't let me down)
Heavenly

Just don't let me down
I'm beggin' you
Just don't let me down
I'm beggin' you
I'm dreamin' of a dream that is never gonna end
Oh, you gotta see it, it'll treat you right
Just don't let me down
Heavenly
