

# Milky Chance - Firebird

Tom: A

m [Intro] Am Em  
Am Em

There may be some but none like you  
We'll be understood 'cause you're the truth  
Give me a few more off to do  
Call is conquering the love for you

I keep my eyes wide open so I  
Can see there's a rain drop falling away  
But if your words get suddenly blurred  
You 'member that the truth is always worth, seeing

You're like a firebird in the sky  
Shining for a challenger in the night  
Just like a firebird is your heart  
Keeps me warm and anchory in the stars  
You're like a firebird  
You're like a firebird

Courageous wings make things go far  
Lingering solitude can rip them off  
So let the wind cross your ash thoughts  
Giving you the strength to carry on

I keep my eyes wide open so I  
Can see there's a rain drop falling away  
But if your words get suddenly blurred  
You 'member that the truth is always worth, seeing

You're like a firebird in the sky  
Shining for a challenger in the night  
Just like a firebird is your heart  
Keeps me warm and anchory in the stars  
You're like a firebird  
You're like a firebird  
You're like a firebird  
You're like a firebird
