

Millencolin - Nothing

tom:

Intro: **Bm** **Bm**

Bm
There's a king upon the throne
Bm
He's the king there all alone
Em
He seems troubled and a little sad
Em
Just when you thought that he was glad
A
To be the ruler of the earth
Bm
Could it be, it wasn't worth
Bm
More than nothing?

Bm
From the day that he was born
Em
In his side there was a thorn
Em
He just couldn't find the key
A
To be happy and be free
A
He felt forced to wear the crown
Bm
Slowly it will drag him down
Bm
Into nothing

[Refrão]
Em **A**
One more drink and you are learning how to fly
D **Bm**
Everything turns perfect once you reach the sky
Em **A**
Pop another pill, don't wanna leave your dream
D **Bm**
Forget about the days of when you swam upstream
Em **A**
And don't you care too much 'bout you feel inside
Bm
It is probably nothing

Bm
I never told you 'bout my dream
Em
How I saw us as a team
Em
We would free the universe
A
With a chorus and a verse
A
We were gonna make a change
Bm
But like how every dream is strange
Bm
It's also nothing

Bm
What was goin' through your mind
What kind of truth did you find

Em
What did you see from the top
A
That would finally make you stop
Bm
Did it give peace to your soul
Bm
Like you reached your final goal
Bm
Or just nothing?
