Tom: E
Intro: Dbm A E E

Dbm A
I see the sunlight on your face,
E
I see the darkness in your eyes.
E

Dbm A
I always try to give you space,
E
No way to cut you down to size.
B
We got lost in our heart shape box.
Dbm A
Oh, should we try to have some cuts,
E
Or should we just go separate ways?
E
Or best yet, why don't we move our grot?
Dbm A
Maybe Belgrade on the train,
E
But we can get out of this maze.
B
It sounds like we're both confused and bored.

E
It never works like hand in glove.

But still I, I hope you disagree.
