Milow - The Ride

Tom: C

```
     C
If I had a way to get out of this day
                                    G
If I had a way I'd get out today
          F                      Am
Man, I would run away, man, I would run
        C      G           F
Cause these walls block out the sun
          Am           G
Yeah they block out the sun

     F          C          G
Today I've got nothing to lose
       F      C      G
I could go wherever I wanted to
F             C          G       F
   Leave, jump onto the world

C
If I had a way to get out of this deal
                        G
If I had a way I'd break the deal
              F                     Am
And I would grab the wheel, and man, I will drive
        C     G          F      Am        G
5000 miiiiiiiiiles just to survive, 5000 miiiiiiiiiiles

     F          C          G
Today I've got nothing to lose
       F      C      G
I could go wherever I wanted to
F             C          G
```

```
   Leave, jump onto the world
           Am              C
As it's spinning 'round going down
G                         Am     G
Taking me along for the ride
           F        G
For the ride

     F          C          G
Today I've got nothing to lose
       F      C      G
I could go wherever I wanted to

     F          C          G
Today I've got nothing to lose
       F      C      G
I could go wherever I wanted to
F             C          G
   Leave, jump onto the world
     F          C          G
Today I've got nothing to lose
       F      C      G
I could go wherever I wanted to
F             C          G
   Leave, jump onto the world
           Am              C
As it's spinning 'round going down
G                         C
   Taking me along for the ride

C                              G
If I had a way I'd get out today
               F        C
Man, I would run away
```
