

# Milton Magalhães - A Arca do Amor

Tom: E

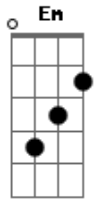

Rolou a lágrima que transbordou da alma  
 E a alegria que inundou o mundo.  
 Da arca calma que abraçou a vida,  
 Nasceu ali aquele amor profundo  
 Já tão cansado de malhar vazio,  
 Senti a força me brotar no peito  
 Que foi brutal o ressonar medonho  
 Daquela bruma que se abriu no leito  
 Os passarinhos então cantaram soltos

Por sobre os morros alegres e faceiros,  
 E a juventude se espalhou tão louca,  
 Tingindo a vida de um amor primeiro  
 As nuvens lindas como ondas de fogo,  
 Se uniram ao longe nos ditando notas  
 E as harmonias se agruparam doces  
 E endireitaram nossas rimas tortas  
 Nos presenteamos com poemas lindos  
 E o por do sol então ali nasceu,  
 E a nossa arca poetou a vida  
 Do colorido que o amor nos deu !
