Intro: Em D G C

It seems i lost my soul
 My strength became my enemy
 Tonight i wanna cry
 I dont believe
 The weakness in my heart

I saw the lies behind your eyes
 I sold the truth thats in my heart
 Tonight make me believe
 Like we are back from the start
 I want you forever
 Dont think of never getting back
 I want you however
 With you near i want you back
 I never got the best

I know its dark here where i lie
 Im all alone
 Here in the dark

I know inside my heart
 I dont believe
 In fallen stars
 I sought the lights in broken bars
 I seek the truth inside my heart
 Tonight lay by my side
 Lets pretend its all alright

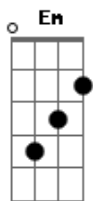

I want you forever
 Dont think of never getting back
 I want you however
 With you near i want you back
 I never got the best eh eh
 Eh.. eh eh? Eh.. eh eh? Eh? eh eh

I want you forever
 Dont think of never getting back
 I want you however
 With you near i want you back
 I never got the best
