

Ministério Viva Adoração - Tudo Vai Ficar Bem

tom:

Intro: Dm Bb F

O que você precisa é ser forte

E nessa luta eu estou contigo...contigo

Mesmo pensando que você está longe

Não perca a esperança, não perca a esperança

[Refrão]

Espere, confie em mim

Espere, confie em mim

Basta dar um passo, mais perto

um passo de cada vez

you will win

follow the light in the darkness

everything will be fine

I know your heart is hurt

Just remember you are a warrior, warrior

You don't know what tomorrow has in store

You are stronger than you think, stronger than you think

[Refrão]

Esperar, confiar em mim

Esperar, confiar em mim

Esperar, confiar em mim

Basta dar um passo, mais perto

um passo de cada vez

you will win

follow the light in the darkness

um passo mais perto um passo de cada vez

you will win

follow the light in the darkness

everything will be fine

(F C Bb C)

Even in the middle of the darkness

do not give up, do not give up

It's all going to pass, it's not the end, everything will be fine

Even in the middle of the darkness

do not give up, do not give up

It's all going to pass, it's not the end, everything will be fine

Even in the middle of the darkness

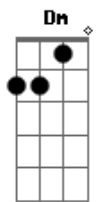

do not give up, do not give up

It's all going to pass, it's not the end, everything will be fine

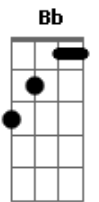

Even in the middle of the darkness

do not give up, do not give up
