

# Minutemen - Do You Want New Wave

Written by Mike Watt  
 File format: tab, btab  
 Transcription: Gary Von Colln

The main chords in this song are **Bm** and **D**. The Bridge is **Fm**. The guitar part uses fast right hand picking or slow strums so that the individual notes from the chords sound. Use your thumb and index finger or thumb and middle finger to pluck the two strings for the turnaround riff.

I have also tabbed the bass part.
