

# Miraculous Ladybug - Brand New Day

Tom: C

I'm cold and alone, I don't want to be in pain  
 All that anger was all in vain  
 I need to go back home to try and find a way

Tomorrow will be a brand new day

I wish that I can help you, to assist with your transformation  
 But I can't Adrien, don't you see?  
 I'm tired and distress, I got nothing to digest  
 I'm weak and I'm running out empty
