

# Miranda Lambert - Tin Man

Tom: C

(com acordes na forma de G )  
Capostrate na 5ª casa

Hey there Mr. Tin Man

You don't know how lucky you are

You shouldn't spend your whole life wishin'

For something bound to fall apart

Every time you're feeling empty

Better than your lucky stars

If you ever felt one breaking

You'd never want a heart

Hey there Mr. Tin Man

You don't know how lucky you are

I've been on the road that you're on

It didn't get me very far

You ain't missing nothing

'Cause love is so damn hard

Take it from me darling

You don't want a heart

Hey there Mr. Tin Man

I'm glad we talked this out

You can take mine if you want it

It's in pieces now

By the way there Mr. Tin Man

If you don't mind the scars

You give me your armor

And you can have my heart
