[Primeira Parte]

You could light your way out of the deepest dungeon

Through a clouded, moonless night black as pitch

You bear a torch that could rival the dawn

You've only got to hit that switch

You could dance your way around these fools

Who have you standing there motionless

I give you the music, give you the groove, babe

You've only got to take that first step

[Refrão]

And take courage in your hardships

And do well the things that you do

'Cause I___ will never give up on you

I 'll never give up on you

You could even slay a dragon

If only you would take up your pen

Write your way out of any situation

If you just let yourself imagine

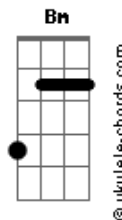

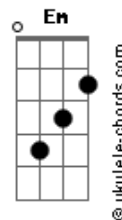

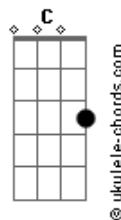

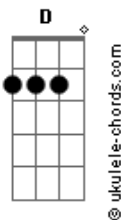

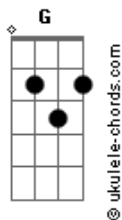

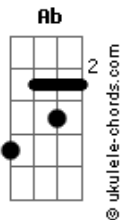

[Segunda Parte]

You could bring so much balance to the world

When you stand up and speak your truth clearly

So do it for those little boys and girls

Acordes

If not for yourself, my dear

[Refrão]

And take courage in your hardships

And do well the things that you do

'Cause I___ will never give up on you

I 'll never give up on you

[Terceira Parte]

So when you have a good idea, don't throw it back

Bring it to the light, bring it forward

This train is moving down the track, yeah

And I'm calling you to get on board

[Refrão]

And take courage in your hardships

And do well the things that you do

'Cause I___ will never give up on you

I 'll never give up on you

I 'll never give up on

I'll never give up, Lord

And I'll never give up, hey

I'll never give up on you

Not in a million years, whoa

No not ever

You know that I will never give up on you

No, no, I

Hey, I, I'll never give up on you

No, no, no, no, no

You know that I never give up on you
