

# MisterWives - Best I Can Do

Tom: D  
Intro: D A Em G

[Verse]

D  
Used to know how to do  
A  
This without losing my cool  
Em G  
But you crept too much inside my head  
D  
Rolling over in my bed  
A  
Tangled up in what you said  
Em G  
Terrified this just might never end

[Chorus]

D  
Easy on my tethered soul  
A  
Giving you all I got  
But you claiming it whole

D  
It's the best I can do  
A  
Nothing is ever good enough for you  
Em  
Easy on my tired eyes  
G  
They've been up all night  
Cause my mind is tied  
D  
It's the best I can do  
A Em D A Em G  
Nothing is ever good enough for you

[Verse]

D  
Chasing the days away  
A  
Back and forth, this game we play  
Em G  
It's sickening but we can not quit  
D  
How did really so far down  
A  
Run ourselves into the ground  
Em G  
Pull us up for air, but we still drown

[Chorus]

D  
Easy on my tethered soul  
A  
Giving you all I got

But you claiming it whole

D  
It's the best I can do  
A  
Nothing is ever good enough for you  
Em  
Easy on my tired eyes  
G  
They've been up all night  
Cause my mind is tied  
D  
It's the best I can do  
A Em  
Nothing is ever good enough for you  
[Bridge]

D A  
I am down on my knees  
Em  
Begging for release  
G  
Can't continue like this, no  
D A  
So could you please  
Em  
Change your eyes to see  
G  
This is no way to be, no  
D A  
I am down on my knees  
Em  
Begging for release  
G  
Can't continue like this, no  
D A

Change your eyes to see
