                                                                I remember that time you told me, you said love is touching
                                                                souls
                                                                Surely you touched mine 'cause

Just before our love got lost you said
                                                                Oh, I could drink a case of you darling

I am as constant as a northern star and I said
                                                                I would still be on my feet [intro progression]
                                                                I met a woman, she had a mouth like yours She knew your lies
Constantly in the darkness, where's that at?
