

Mitski - A Burning Hill

tom:

Intro: **D** **Bm**

[Primeira Parte]

Today I will wear my white button-down
 I'm tired of wanting more
 I think I'm finally worn
 For you have a way of promising things
 And I've been a forest fire
 I am a forest fire
 And I am the fire and I am the forest

And I am a witness watching it
 I stand in a valley watching it
 And you are not there at all

[Segunda Parte]

So today I will wear my white button-down
 I can at least be neat
 Walk out and be seen as clean
 And I'll go to work and I'll go to sleep
 And I'll love the littler things
 I'll love some littler things
