

Mitski - Crack Baby

tom:

Intro: Am G

[Verse]

Down empty streets sniffing glue me and you
Blank open eyes watch the moonflower bloom

It's been a long hard twenty-year summer vacation
All these twenty years trying to fill the void

[Chorus]

Crack baby you don't know what you want

But you know that you had it once

And you know that you want it back

Crack baby you don't know what you want

But you know that you're needing it

Yeah, you know that you need it bad

With wild horses running through your hollow bones

Wild horses running through your hollow bones

[Interlude]

F Em Am G
F Em Am G

[Bridge]

Went to your room thinking maybe you'll feel something

But all I saw was your burning body waiting

All these twenty years on a vacation

[Chorus]

Crack baby you don't know what you want

But you know that you had it once

And you know that you want it back

Crack baby you don't know what you want

But you know that you're needing it

And you know that you need it bad

(Key Change)

[Final]

Crack baby you don't know what you want

But you know that you want it

Yeah, you know that you want it

You know that you

Crack baby you don't know what you want

But you know that you need it

And you know that you need it bad

With wild horses running through your hollow bones

Wild horses running through your hollow bones

Wild horses running through your hollow bones

Wild horses running through your hollow bones
