

Mitski - Goodbye, My Danish Sweetheart

tom:

Intro: Gb Bbm7 A

[Verse]

There's nobody better than you

It took me a while till I knew

But you knew from the start it was us, didn't you?

It just took me a while till I knew

Now I lay as I study a blank wall

Would you spare me your voice if I call?

'Cause you waited and watered my heart till it grew

You just grew a little smarter too

[Chorus]

So I don't blame you if you want to

Bury me in your memory, I'm not the girl I ought to be, but

Maybe when you tell your friends, you

Can tell them what you saw in me, and not how I turned out to be

(Bbm7)

[Verse]

There's some kind of burning inside me

It's kept me from falling apart

And I'm sure that you've seen what it's done to my heart

But it's kept me from falling apart

Now here I lay, as I wonder about you

Would you just tell me what I'm meant to do?

'Cause I've waited and watered my heart till it grew

You can see how it's blossomed for you

[Chorus]

And I don't blame you if you want to

Bury me in your memory, I'm not the girl I ought to be, but

Maybe when you tell your friends, you

Can tell them what you saw in me, and not the way I am

[Chorus]

And I don't mean to make your heart blue

But could we be what we're meant to be?

I'm just about to beg you please

And then when you tell your friends

You can tell them what you saw in me

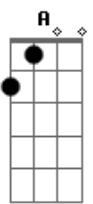

And not the way I used to be

(D)

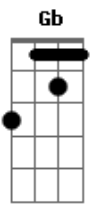

[Final]

'Cause there's nobody better than you
