

Mitski - Should've Been Me

tom:

Intro: F D F D

[Primeira Parte]

Well I went through my list of friends and found
 I had no one to tell
 Of this overwhelming clean feeling
 Strange serenity
 When I saw the girl looked just like me
 And it broke my heart, the lengths you went
 To hold me
 To get to have me, 'cause

[Refrão]

I haven't given you what you need
 You wanted me but couldn't reach me
 So you went into your memory-relived
 All the ways you still want me
 I haven't given you what you need
 You wanted me but couldn't reach me
 I'm sorry it should've been me

[Segunda Parte]

I'd be going 'bout my day, until a hand
 Would come and lift me out
 And drop me in the middle of a labyrinth
 Where I'd be stuck a while
 When I saw the girl looked just like me, I thought
 Must be lonely loving someone
 Trying to find their way out of a maze
 Oh I know

[Refrão]

I haven't given you what you need
 You wanted me but couldn't reach me
 So you went into your memory-relived
 All the ways you still want me
 I haven't given you what you need
 You wanted me but couldn't reach me
 I'm sorry it should've been me
 I'm sorry it should've been me
