

Mitski - Strawberry Blond

tom:

C

[Primeira Parte]

I love everybody
 Because I love you
 When you stood up
 Walked away, barefoot
 And the grass where you lay
 Left a bed in your shape
 I looked over it
 And I ached

[Segunda Parte]

I love everybody
 Because I love you
 I don't need the city, and I
 Don't need proof
 All I need, darling
 Is a life in your shape
 I picture it, soft
 And I ache

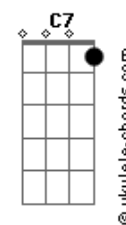

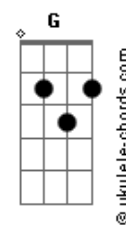

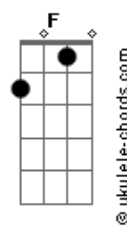

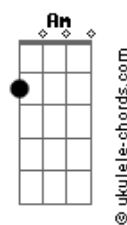

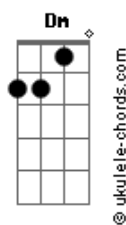

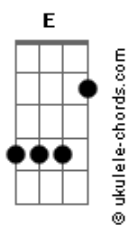

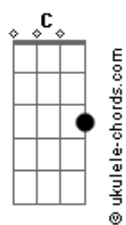

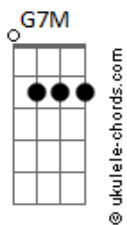

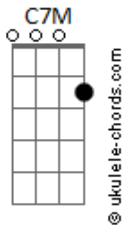

[Pré-Refrão]

Look at you, strawberry blond
 (Am C Dm F)
 (F G C G)

[Terceira Parte]

Reach out the car window

Acordes

Trying to hold the wind
 You tell me you love her
 I give you a grin
 Oh all I ever wanted was a
 Life in your shape
 So I follow the white lines
 Follow the white lines
 Keep my eyes on the road
 As I ache

[Refrão]

Look at you, strawberry blond
 Fields rolling on
 I love it when you call my name
 Can you hear the bumblebees swarm?
 Watching your arm
 I love it when you look my way

[Refrão]

Look at you, strawberry blond
 Fields rolling on
 I love it when you call my name
 Can you hear the bumblebees swarm?
 Watching your arm
 I love it when you look my way
