

Måneskin - Read Your Diary

tom:

Intro: Bm G Em G

Brought you some roses
You didn't take them
So I shed a tear
Pouring some champagne
Over your panties
So that we can cheer
Counting the hours
Counting the seconds
'Till I can feel your bones
There is a diamond on your pillow
When you're coming home

Alone
I've been waiting
So long, it's true

Dance in your shoes
Read your diary to
Get inside of you you you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you you you
Forev?r and ever and ev?r
I was dancing in your shoes
When I read your diary to
Try to get inside of you

(Bm G Em G)

Put on your lipstick
Show me your kinks
I'm not afraid of them
Show me the lovin the lovin the lovin that
You'll never give to a man
I'm not a coward, I'm not a hero
But I can be your toy
I'll be the pill
That you wanna swallow

When you're looking for the joy

Alone
I've been waiting
So long, it's true

Alone
I've been waiting
So long, it's true

Dance in your shoes
Read your diary to
Get inside of you you you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you you you
Forev?r and ever and ev?r
I was dancing in your shoes
When I read your diary to
Try to get inside of you

(C Am Em)
(C Am Em)

C Am Em
Oh why don't you give a little love now baby
A little bit of love

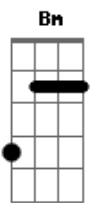

Alone
In the shower
Using my left hand so it feels like you
So please
I'm begging to feel something new

Dance in your shoes
Read your diary to
Get inside of you you you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you you you
Forev?r and ever and ev?r
I was dancing in your shoes
When I read your diary to
Try to get inside of you
