

Molly Nilsson - About Somebody

Tom: G

Damn, I think about you all the time
 And I said damn, I wish I could make you mine
 But you don't need to be 'somebody's' cause you're already somebody
 No need to be somebody's because you're already somebody
 (G C F Am)
 Damn, I look into your big blue eyes
 And I said damn, if I were a millionaire I'd buy all your lies
 Babe I wanna party with you every night and have a hard-on for the rest of my life

Baby when we're dancing and you're making me smile you make the trouble all seem worth while
 But you don't need to be 'somebody's' cause you're already somebody
 No need to be somebody's because you're already somebody
 Somebody, somebody, somebody, somebody
 (G C F Am)
 (G C F Am)
 (G C F Am)
 Damn, I thought you were gonna be my man
 And I said damn, if you can't love me maybe nobody can
 But I don't need to be 'somebody's' cause I'm already somebody
 No need to be somebody's because I'm already somebody
 Somebody, somebody, somebody, somebody
 (G C F Am)
