

# Molly Nilsson - (Won't Somebody) Take Me Out Tonight

Tom: G

Am Em C Em  
 Won't somebody take me out tonight  
 F C F C  
 I want to shine like the street light  
 Am Em C Em  
 The colored lamps outside the bars  
 F C F C  
 Outshine the brightest stars

Am Em C Em  
 I got a new hair cut today  
 F C F C  
 I want the rain to wash my broken heart away  
 Am Em C Em  
 And like any sinner i'm gonna skip dinner  
 F C F C  
 If you'd only take me out tonight

( Am Em C Em F C F C )

Am Em C Em  
 I've got a bunch of stupid things to say  
 F C F C  
 And tons of compliments to give away  
 Am Em C Em  
 And i've got fifty bucks that you can borrow  
 F C F C  
 And i wont be able to remember it tomorrow

( Am Em C Em F C F C )

Am Em C Em  
 This city is a cold and lonely place  
 F C F C  
 I want to look into an unfamiliar face  
 Am Em C Em  
 If you come with me you're my best friend forever

F C F C  
 And we can make new memories together

( Am Em C Em F C F C )  
 ( Am Em C Em F C F C )  
 ( Am Em C Em F C F C )

Am Em C Em  
 Won't somebody take me out tonight  
 F C F C  
 I want to shine like the street light  
 Am Em C Em  
 The colored lamps outside the bars  
 F C F C  
 Outshine the brightest stars

Am Em C Em  
 I got a new hair cut today.  
 F C F C  
 I want the rain to wash my broken heart away  
 Am Em C Em  
 And like any sinner i'm gonna skip dinner  
 F C F C  
 If you'd only take me out tonight

Am Em C Em F C F C  
 Where the music's loud and the people bright  
 Am Em C Em  
 Feels like i'm falling apart  
 F C  
 But somewhere in this town  
 F C  
 There's a bar where i can drown my broken heart

( Am Em C Em )

F C F C  
 If you'd only take me out tonight

( Am Em C Em F C F C )
