

The Monkees - Sometime In The Morning

tom:

Intro: E E E E

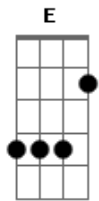

Sometime in the morning
 A simple thought may occur to you
 And you hold her
 And tell her all the things
 You never told her

Your love has shown me things
 I never thought I could see
 I didn't know (I didn't know)
 It could be done so easily
 Now I know (Now you know)
 You're where it is for me

Sometime in the evening
 You're sitting there by the fireside
 And she'll touch you
 And you'll realize

How much you never knew before

How much you couldn't see
 You didn't know (you didn't know)
 It could be done so easily
 Now you know (Now you know)
 She's all a girl could be
 Now in her childlike eyes
 You see the beauty there
 You know it was always there
 And you need no longer wear a disguise
 Sometime in the morning
 You'll just reach out and
 She will be there
 Close as the summer air
 Sometime in the morning
 She will be there
 Sometime in the morning
 She will be there
