

# Morgan Wallen - 7 Summers

tom:

A

C

Yeah, you used to talk about  
Gettin' even further south

F

Somewhere where the summer lasted  
All year 'round

C

Probably got a big ol' diamond  
On your hand right now  
Maybe a baby or a couple by now

F

Long driveway to a big white house

Chorus 1

Dm

But I wonder when you're drinkin'

G

If you find yourself thinkin'

About that boy from East Tennessee

And I know we both knew better

G

But we still said forever

And that was seven summers of Coke

And Southern Comfort

Dm

Were we dumb or just younger?

G

Who knows?

C

Back then you used to love the river

Am

And sippin' on a sixer with me

Dm

Does it ever make you sad to know

G

That was seven summers ago?

Interlude 1

C C F F

Verse 2

Yeah, I bet your daddy's so proud  
Of how his little girl turned out

F

Thinks she dodged a bullet  
Of a good old boy like me  
'Cause I still

C

Go drinkin', same friends on Friday  
Bought a few acres  
Couple roads off the highway

F

Guess you never saw things my way, anyway

Chorus 2

But I wonder when you're drinkin'
