

Morgan Wallen - Talkin' Tennessee

tom:

A (forma dos acordes no tom de G)

Capostrate na 2ª casa

You say them city boys living in those high rise condos

Only left you feeling low

Those little smoke glass fancy cars sure go fast

But never got you where you wanted to go

All I've ever owned is an old seat, '72

Cuddled up, get you falling in love on the bench seat

Don't mind me I'm just talking Tennessee

Girl don't blame me if I slip and call you baby

That's just my way of letting the lady know she's working on me

There I go letting my south side show whiskey whispering on

Little sweet nothing southernisms, jack and seven sipping

Hoping that you're digging on me, talkin' Tennessee

You say those street lights only ever let you see the skyline

It's been a long time

Since the Milky Way, Jupiter and Venus took your breath away

Yeah like you're taking mine

What you say we grab some tailgate underneath the stars

Catch a few fireflies in a moonshine jar

Don't mind me I'm just talking Tennessee

Girl don't blame me if I slip and call you baby

That's just my way of letting the lady know she's working on me

There I go letting my south side show whiskey whispering on

Little sweet nothing southernisms, jack and seven sipping

Hoping that you're digging on me, talkin' Tennessee

There I go letting my south side show whiskey whispering on
