[Primeira Parte]

Some girls like **Em** roses and a man sayin' **G** sorry by the dozen  
**D**  
To heal the heartbreak up, and  
Some girls like a letter on a windshield, **Em** pourin' **G** out his  
feelings  
**D**  
When it's all hit the ceilin'

But I know something even better I could try, so  
I'm out here soakin' up your porch light glow  
With an apology in my left hand  
Hope it tastes like a second chance

[Refrão]

'Cause I'm **Em** here to say sorry with a to-the-top glass  
**D**  
Of that Napa Valley vine Cabernet  
Girl, I couldn't go to bed, let another second pass  
**D**  
Without you and me being okay

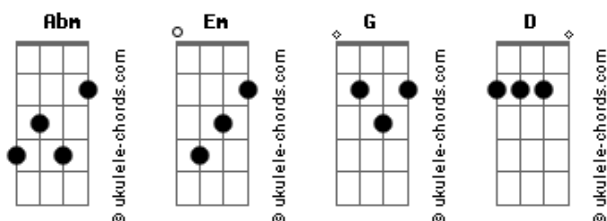

So, let's get to the bottom of these problems  
**G** **D**  
And this bottle before that moonlight quits

And turn this wine into water under the bridge  
( **D** **Em** **G** **D** )

[Segunda Parte]

A little olive branch romance, drink it off our minds  
**D**  
Till that twenty minute fight's ancient history  
**Em** **G**

## Acordes

Baby, I just hope you'll forgive me  
**D**  
I'm tipsy, come kiss me, by the time it's empty  
[Refrão]

( **Em** **G** **D** )

And I know, girl, I'm probably walkin' on a tightrope  
**Em**  
But I can see you holdin' back a smile, so  
**G** **D**  
Whatchu say we don't stop

Till we get to the last drop

[Refrão Final]
