

# Mother Mother - Nobody Escapes

tom:

Dbm

A jellyfish, a gigolo, a politic  
 Don't make a lick of dik, no  
 Nobody here, nobody escapes

A puppy dog, a butterfly  
 Ladies and babies, you're first in line  
 Nobody here, nobody escapes, amen, yeah

And they won't go easy on you  
 Just 'cause you're skinny  
 And they won't go easy on me  
 Just 'cause I'm pretty, yeah, pretty ugly

The innocent (the innocent)  
 The animals (the animals)  
 Everybody, ah, get down in the hole

Nobody here, nobody escapes, amen, yeah

And they won't go easy on you  
 Just 'cause you're so skinny (skinny)  
 And they won't go easy on me  
 Just 'cause I'm so pretty

(just 'cause I'm so pretty)  
 Cause I'm pretty  
 Cause I'm pretty

Pretty, pretty ugly

So follow me into the sky (sky)  
 And let the Sun burn you alive

Nobody here, nobody escapes  
 Nobody here, nobody escapes  
 Nobody here, nobody escapes

Amen, hell yeah, Satan
