

MPB-4 - Vira Virou

tom:
C

Vou voltar na primavera
 Que era tudo que eu queria
 Levo terra nova daqui
 Quero ver o passado
 Pelos portos de Lisboa
 Voa, voa, que eu chego já

Mas se alguém segura o leme
 Dessa nave incandescente
 Que incendeia minha vida
 Que era viajante lenta
 Tão faminta da alegria
 Hoje é porto de partida
 Ah, vira, virou, meu coração navegador
 Ah, gira, girou essa galera
