Intro: F G C C7  
F G C C7

I'm happy for you  
I'm smiling for you  
I'd do anything  
For you for you  
It's always for you  
And never for me  
And I need it to stop  
So let me tell you please  
I'm always sad  
And I'm always lonely  
  
But I can't tell you  
That I'm breaking slowly  
Closed doors  
Locked in, no keys  
Keeping my feelings hidden  
There is no ease  
I need it to stop  
And i want to be able  
To open up, but  
My feelings are fatal  
(My feelings are fatal)  
  
Dm G  
How many times

Must i keep it inside  
I need to let go  
And i swear that i've tried  
But opening up  
Means trusting others  
And that's just too much  
I don't want to bother  
So i'll keep it inside  
And bury it deep  
I know it's not healthy  
  
But you won't hear a peep  
Though i'm always sad  
And I'm always lonely  
I can never tell you  
That I'm breaking slowly  
Closed doors  
Locked in, no keys  
Keeping my feelings hidden  
There is no ease  
I need it to stop  
And i want to be able  
To open up, but  
My feelings are fatal  
(My feelings are fatal)  
My feelings are fatal
