

My Chemical Romance - Demolition Lovers

Tom: C

Hand in mine, into your icy blues
 And then I'd say to you we could take to the highway
 With this trunk of ammunition too
 I'd end my days with you in a hail of bullets
 I'm trying, I'm trying
 To let you know just how much you mean to me
 And after all the things we put each other through and

I would drive onto the end with you
 A liquor store or two keeps the gas tank full
 And I feel like there's nothing left to do
 But prove myself to you and we'll keep it running

But this time, I mean it
 I'll let you know just how much you mean to me
 As snow falls on desert sky
 Until the end of everything
 I'm trying, I'm trying
 To let you know just how much you mean to me
 As days fade, and nights grow
 And we go cold

Until the end, until this pool of blood
 Until this, I mean this, I mean this
 Until the end of...

I'm trying, I'm trying
 To let you know just how much you mean to me
 As days fade, and nights grow
 And we go cold

But this time, we'll show them
 We'll show them all how much we mean
 As snow falls on desert sky
 Until the end of every...

All we are, all we are
 Is bullets I mean this

[x4]

F G Ab Am G [x2]

As lead rains, will pass on through our phantoms
 Forever, forever
 Like scarecrows that fuel this flame we're burning
 Forever, and ever
 Know how much I want to show you you're the only one
 Like a bed of roses there's a dozen reasons in this gun

And as we're falling down, and in this pool of blood
 And as we're touching hands, and as we're falling down
 And in this pool of blood, and as we're falling down
 I'll see your eyes, and in this pool of blood
 I'll meet your eyes, I mean this forever
