

My Chemical Romance - Disenchanted

tom:

D

D

Well, I was there on the day

They sold the cause for the queen

Bm

And when the lights all went out

We watched our lives on the screen

G

I hate the ending myself

A

But it started with an alright scene

D

It was the roar of the crowd

That gave me heartache to sing

Bm

It was a lie when they smiled

And said: You won't feel a thing

G

And as we ran from the cops

A

We laughed so hard it would sting

If I'm so wrong (so wrong, so wrong)

How can you listen all night long?

(Night long, night long)

Now, will it matter after I'm gone?

Because you never learn a goddamned thing

You're just a sad song with nothin' to say

About a life-long wait for a hospital stay

Well, if you think that I'm wrong

This never meant nothing to ya

I spent my high school career

Spit on and shoved to agree

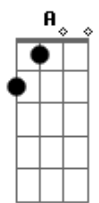

So I could watch all my heroes sell a car on TV

Bring out the old guillotine

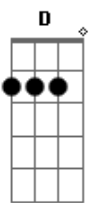

We'll show 'em what we all mean

Bm Em

So go

Go away

Just go, run away

But where did you run to?

And where did you hide?

Go find another way

Price you pay

(D Bm G A)

You're just a sad song with nothin' to say

About a life-long wait for a hospital stay

Well, if you think that I'm wrong

This never meant nothing to ya

Come on

You're just a sad song with nothin' to say

About a life-long wait for a hospital stay

Well, if you think that I'm wrong

This never meant nothing to ya
