

Mystery Jets - Radlands

tom:
 Capostraste na 3ª casa

Bb (forma dos acordes no tom de **G**)

Bm **A** **Em**
 I've heard there's a place where we go to die

G **Bm** **D** **G**
 It's a terribly overrated horse-shit shaped hole in the sky

Bm **A** **Em**
 Kick-off your heels and come with me tonight

G **Bm** **D** **G**
 And we'll pack up your car and we'll board up the house

G **Em** **A**
 And we'll die for our country though it never loved us

G **D** **G**
 And it didn't need us these wonderful wonderful people

G
 We'll redefine love in these papers and cry

G **A** **G**
 So may the bridges we burn light the way

G
 Out of the darkness of where we have been

G **A** **D** **G**
 Though at times it may feel like a lie

G **Bm** **A**
 We both know nothing is quite as it seems

G **A**
 When the debris comes falling from the sky

Bm
 Heaven will still be ours

Bm **A** **Em**
 Load up Old Bill's twelve-gauge and meet me by the lake

G **Bm** **D**
 There's a place I know where nobody goes down by the old interstate

Bm **A** **Em**
 The future gets shorter the longer we wait

G **Bm**
 So let's step on the gas and if they come to find us

D **G**
 We'll run to the hills they say hills never loved us

G **Em** **A**
 But since we were children these wonderful wonderful people

G **D** **G**
 We'll redefine love on our tombstones and cry

Em **A**
 But someone will get all the glory

Em **A** **A**
 But I'll have yours and you'll have mine, you'll have mine

G **A** **A**
 So may the bridges we burn light the way

D **G**
 Out of the darkness of where we have been

G **A**
 Though at times it may feel like a lie

D **G** **G**
 We both know nothing is quite as it seems

G **A**
 And I know when I look into the deep blue of your eyes

Bm
 Heaven will still be ours

Bm
 We'll be together until hell,

A **Em** **A**
 Until hell, until hell freezes over

G **Bm**
 Until hell, until hell,

D **G**
 Until hell, freezes over.

Bm **A**
 Together until hell, until hell

Em **A**
 Until hell, freezes over.

G **Bm**
 Until hell, until hell,

D **G**
 Until hell, freezes over.

G **A** **Em** **A**
 So may the bridges we burn light the way

D **G**
 Out of the darkness of where we have been

G **A**
 Though at times it may feel like a lie

D **G** **G**
 We both know nothing is quite as it seems

G **A**
 Then when the world is itself about to die

D **G**
 Our story will still play itself on the screens

G **A**
 And all these stars that come falling from the sky

Bm
 Will always be ours
